

Concrete Hopper

Concrete Hopper - This particular attachment is a self-dumping hopper that automatically starts to dump when bumper release contacts the side of a dumpster. Once unloading is done, the hopper goes back to a locked and upright position. This piece of equipment even comes with a cable that allows operation from the seat of the forklift to be able to have the alternative of manually dumping the hopper. There is a locking chain provided to be able to secure the hopper to the fork truck. This product is made with consistent and reliable robotic welds for maximum strength. The lift truck dumping hopper even has a blue powder coat finish to be able to maintain durability.
