

TCM Forklift Part

TCM Forklift Part - Forklift trucks are an important player in the material handling field of every global business. Transporting industrial goods happens each and every day on our industrious planet. First innovated as industrial vehicles during the 1930s in the United States, lift trucks gained popularity following World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machines spread worldwide.

Initially started as Toyo Carrier Manufacturing Company Limited, in 1949, the company was later renamed Toyo Umpanki Co. previous to becoming recognized as the TCM Corporation. Established by Mr. N. Niwa manufactured Japan's very first lift truck. Through the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation with the industry. TCM started constructing lift truck manufacturing locations outside of Japan in the 1980s and is currently engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

With more than fifty years of accumulated technology and expertise, TCM has been proudly manufacturing many models of industrial lift trucks, making their models known all around the world. With an energetic and strong employees, TCM has been able to constantly work towards becoming a future leading material handling company.
