

Advance-Nilfisk Parts

Advance-Nilfisk Part - Think about how long and tedious it would really be to tidy up after a party, with out help from machines. Not too long ago, the dust from carpets and upholstery had to be beat out of them manually; brooms, brushes and cleaning cloths were the best cleaning products back then.

The founder of Nilfisk-Advance, P.A. Fisker, started as an electrical engineer who liked to work on electrical motors. After establishing his company during 1906, he started to produce motors to drive machine tools, drills, coffee grinders and fans. Mr. Fisker's dream from the beginning was to have a global company advertising products worldwide.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning industry. Mr. Fisker invented a remarkable, ground breaking vacuum cleaner that could be operated by a single individual for the reason that it just weighed 17.5 kilos! This invention came in a time where various cleaning equipment were very big and needed 4 or more operators, thus, the Nilfisk C1 changed everything and developed the way we clean forever. The brain behind these first cleaning equipment remains unparalleled. Cleaning machines offer a brilliant solution to an existing crisis; stuff get dirty and need to be cleaned regularly, without a lot of effort.

Slowly but progressively, Nilfisk-Advance developed all through the years. In the 1980s, this development truly took place when the company became a part of the NKT Group. Their new owners' drive and focus made Nilfisk-Advance take a huge leap forward within the industry, trying to be amongst the largest universal players in the market of professional cleaning machines. Nilfisk-Advance is currently located in every part of the world due to steadily obtaining many smaller businesses in order to develop their product portfolio and presence in new markets. They are proud to offer different cleaning solutions to meet each requirement.
