

Electrical Part for Forklifts

Forklift Electrical Part - Forklifts and various lift trucks could have particular labels for use in some hazardous locations. The mark denotes that this particular model of lift truck meets the minimum standards of ANSI/UL 553 meant for electric lift trucks or ANSI/UL 558 intended for internal combustion engine lift trucks.

Applications for marked forklifts may be found in National Fire Protection Association NFPA 505 - Powered Industrial trucks including: Maintenance and Operation, Type Designations, and Areas of Use. Ask your local insurance provider and Fire Marshall for further information concerning the permitted uses of industrial powered trucks in your application.

If the forklift has been found to satisfy the outlined standards, the following labels may be attached. A marked truck will have the model designation located on the forklift nameplate and will have one of the following labels placed.
